Hospital Inspector Certification Examinations

The Health and Safety Code requires inspection of all hospital construction projects by Certified Hospital Inspectors. Hospital Inspectors must meet the eligibility for the appropriate level of inspection and be certified by OSHPD. [Applications and information](#) to take the examination are available on the OSHPD Website and may be submitted to OSHPD at any time. Examinations for OSHPD Inspector certification are held in Sacramento and Los Angeles twice a year, April and October. The next examinations are scheduled as follows:
